

LIVINGSTON PIECEMAKERS QUILT GUILD

BLOCK OF THE MONTH/FEBRUARY, 2014

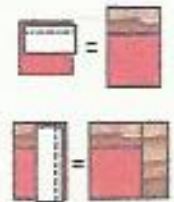

LOG CABIN – 12"

Supply list

You will need one red 2-1/2" square and five light value fabrics (be sure at least two strips are natural muslin from Jean's). Cut these in 1-1/2" strips. You will need five dark value fabrics cut in 1-1/2" strips. Lengths of these strips will vary from 2-1/2" to 12-1/2" –to be safe, cut both lights and darks as long as you can.

Starting with a 2-1/2" length of your first dark fabric, with right sides together, and using a scant 1/4" seam, sew this to the top of your center block. Square off end if needed. Press seam to the outside.

Then add the second strip of your first dark to the right hand side of this new block (about 3-1/2" long strip).

Working in a clockwise direction, continue to add strips—the next will be your first light fabric (about 3-1/2" long)—square off as needed—you will be adding two lights, two darks, two lights, two darks, etc....until you have five strips on each of the four sides surrounding the center "chimney".

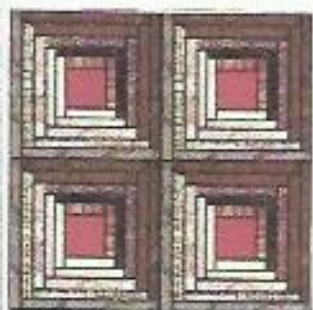

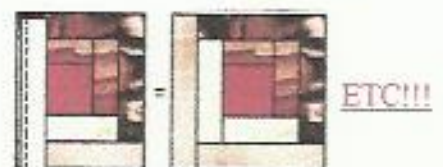

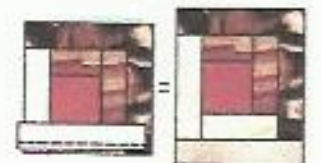

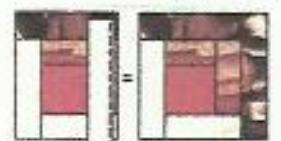

To keep yourself on track, you will want to measure your seams as you have added them now and again. If your seams haven't been sewn evenly, your block won't be even. ☒

The block should measure 12-1/2"

You can see this block on the Quilters Cache website.

What you decide will dramatically effect the appearance of your quilt!! Have fun with this!!!!
