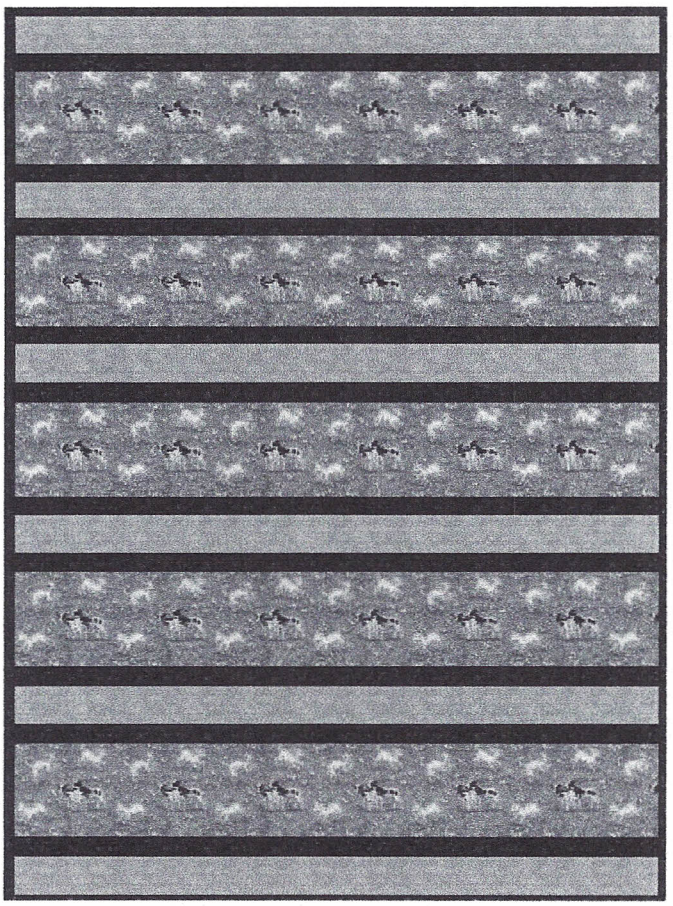
My favorite quick donation quilt



Approximate amount of fabric needed/cutting instructions

1 yard of a focus fabric – cut 5 strips 6.5 inches by WOF
¾ yard of tone on tone – cut 6 strips 3 inches by WOF
(**1 yard** if you use this fabric for binding)
½ yard of accent fabric – cut 10 strips 1.5 inches by WOF
(**1 yard** if you use this fabric for binding)

- Assemble as shown in the picture above – please note that the top and bottom strips do not have accent strips sewn on the outside edges of the quilt.
- I sew all my accent strips to my tone on tone strips first and then sew them to the focus fabric.
- If your focus fabric is directional, pay attention to how it's orientated as you sew the sections together.
- You can choose to use either the tone on tone or accent fabric for binding – just adjust the yardage needed.
- Quilt size is approximately 41 x 56.
